

Instructions for Presentation in Acrobat Reader

These pdf files are set to open in Full Screen View in Acrobat Reader. In Full Screen View the pdf pages fill the entire screen and the menu bar and window controls are hidden.

Use the following keys to navigate:

- Use the Down Arrow or Right Arrow keys to advance through the document.
- Use the Up Arrow or Left Arrow keys to page backwards in the document.
- Press the Home key to return to the first page.
- Press the Esc key to exit Full Screen View.
- Press Control-L (PC) or Command-L (Mac) to start Full Screen View.

To set auto advance or page transitions:

Menu: Edit->Preferences (PC) or Menu: File->Preferences (Mac)
Under Full Screen Preferences you may choose to adjust:

Navigation:

- Advance every ____ seconds (for auto advancement)
- Loop after last page (to set a continually running slide show)
- Escape key exits
- Left click to go forward, Right click to go back
- Show navigation bar

Appearance:

- Ignore all transitions
- Default transition:
 - None,
 - Choose default from list
 - Random transitions (transitions vary throughout presentation)
- Background Color (for screen edges)
